

Postal and Delivery Workers

Postal workers carry letters and packages to your home. They also deliver lifesaving medications to hospitals, income checks to individuals, and other important communications to millions of Americans.

Nurses and Doctors

Nurses and doctors help sick people feel better. They work at hospitals and clinics to give people important medicines and care. They also work closely with families to keep everyone healthy and safe.

Store Clerk

Store clerks help you and your family buy groceries and other needed supplies, so you can have food to eat and things to do.
